MERIDIAN ADVENTURE  DIVE

WHY DIVE RAJA AMPAT?

Raja Ampat is known by all divers as simply the best destination for diving. For any experienced diver it is the number one bucket list dive resort holiday. It has year round diving, showcasing the highest concentration and greatest diversity of marine life on earth. Whether it's the large pelagic whale sharks or the smallest nudibranch, Raja Ampat has it all.

Located between the Pacific and Indian Oceans, the Indonesian Seas are the place of immense water exchange. The water exchange is known as the Indonesian Throughflow and flows from the Pacific through to the lower Indian Ocean. This flow delivers eggs and larvae to the reefs of Indonesia and travels over the complex under water topography creating great upwellings of nutrient rich cold water. A veritable life source, and after a holiday in these waters you will go home with a renewed sense of life yourself.

No two dives in Raja Ampat are ever the same.

WHY DIVE WITH US?

Meridian Adventure Dive crew are professionally trained Instructors and Dive Masters. Our main focus and goal is to deliver an experience that will last a lifetime, with a yearning to come back for more.

We offer well maintained, high quality top of the range equipment from Aqualung to ensure your diving is memorable for all the right reasons. Our facility boasts a compressor system that makes the turnaround time for a dive one of the most efficient out there, with a 60 cylinder fill within 40 minutes. In addition, our customised dive boats revolutionise the functionality and comfort of dive boat operations and will change the way you dive forever.

Our tried, tested and tailored itineraries maximise your days diving, to deliver the most unforgettable and valuable experiences and activities. We reveal the incredible, amazing and unbelievable in every location.

Our philosophy is to be on time, every time, at the right dive sites appropriate to tidal streams and environmental conditions.
